

# The new purchasing power premium is here!

## What is the purchasing power premium?

Monizze's purchasing power premium is meant to help households cover their daily needs. It is used to purchase food items and ecological products.

## How do you accept Monizze's purchasing power premium?

To accept the **purchasing power premium**, you don't need to take any additional steps. It is the same process as accepting meal and eco vouchers.

- When a client wants to pay for food products with the **purchasing power premium**, you process it like a meal voucher purchase.
- When a client wants to pay ecological products, you process it like an eco voucher purchase.

## From the 1st of June 2023, you can accept the purchasing power premium just like meal and eco vouchers.

If you already accept Monizze meal and/or eco vouchers, you don't need to do anything. You can accept the **purchasing power premium** directly via your cash register or payment terminal.
